ENGL/LING 610, Topics in the History of the English Language: Old English II, *Beowulf*

Continued study of the Old English language at the intermediate level. The class will read *Beowulf* in its entirety, with attention to the work as literature through supplementary readings and class discussion. Because students in this course are not starting from scratch with the language, a standard seminar paper (50% of the course grade) is required in addition to translation exercises (the other 50%). Prerequisite: ENGL/LING 610, Old English, or equivalent.
